

NATIONAL POLYGRAPH ACADEMY

BASIC POST-CONVICTION SEX OFFENDER TESTING (PCSOT)

A ONE-WEEK SPECIALIZED COURSE

AMARILLO, TX

AUGUST 13 - 17, 2018 (1 WEEK)

Hosted By Amarillo College, Dept. of Criminal Justice

The National Polygraph Academy (NPA) was founded with the objective and mission to provide first class training to qualified, highly motivated persons in law enforcement, governmental organizations and the private sector. The academy provides a specialized 40 hour training class in Post-Conviction Sex Offender Testing (PCSOT). The course is approved by the American Polygraph Association and meets the requirements for members to conduct PCSOT exams in compliance with the model policy and standards of practice of the APA.

This training will focus on the unique issues related to sex offender testing. Students will be exposed to the containment model of sex offender supervision and treatment. Proper polygraph protocols will also be discussed.

The course will include a discussion of the different types of PCSOT exams, question formulation, test construction, and the interdisciplinary relationship between supervision, treatment, and polygraph examiners. The requirements of the APA model policy for PCSOT testing will be discussed. APA members may sit for the APA examination at the conclusion of the training. Upon successful completion of the examination members will be issued a certificate from the NPA in Sex Offender Treatment and Monitoring Programs.
